Registration for the test and payment of the **non-refundable \$30.00** fee is performed in any campus bookstore. Pre-registration is required; walk-ins will not be allowed to test. Requests for special accommodations in testing by applicants with disabilities are considered individually and must be made prior to the test date; contact the Disabilities Office for more information. All testing is completed on computer. Materials to assist in preparing for this ATI-TEAS exam are available in the campus bookstores, or by visiting the ATI website at [www.atitesting.com](http://www.atitesting.com).

During months when **inclement weather** may cause college closings, **please listen to your local radio** stations for closing information, or call the college to hear the prerecorded message that is posted when the college is closed. When the college reopens, call the Nursing Office to reschedule your test.

Either this Assessment Technologies Institute (ATI) TEAS test **or** the ACT is required to meet admission criteria. (Go to [www.act.org](http://www.act.org) for registration information on the ACT test.) In addition, other criteria for each Health Science Program (Practical Nursing, Registered Nursing, or Respiratory Care) must be met. Please review the appropriate application for a listing of admission criteria.

Applicants to Health Sciences programs should be aware that fingerprinting and/or criminal background checks will be required by health care agencies before allowing admission to clinical facilities for required clinical practice, and will be required **before** taking State Licensure Examinations. A past felony or misdemeanor conviction may disqualify him/her from taking the State Licensure Exam.

If you have questions, please call 800.628.7722 or 937.393.3431, extension 2640 for the Nursing Department or extension 5620 for the Respiratory Care Program Director.
