President’s Report
President Boys acknowledged those in the audience for attending the meeting and thanked them.

Dr. Boys recalled the presentation Nicole Roades gave at the October Board Meeting regarding the Monitoring Report on Assessment and Program Review, which, at that time, was about to be submitted to the Higher Learning Commission. Dr. Boys reported he was notified last Friday the Higher Learning Commission accepted the Monitoring Report, and he read the following excerpt from the letter he received:
Southern State Community College submitted an excellent and convincing monitoring report on the progress and development of the assessment and program review systems at the College. It is clear that both systems will be implemented during the current academic year and that the structure and processes are in place to produce meaningful data and insight necessary to support the continuous improvement of student learning at the College. The College is commended for its good work. It is now in a good position to produce meaningful results and advances that will be able to be documented in the self-study for the 2015-2016 comprehensive evaluation.

STAFF ACTION: Accept the report focused on full development and implementation of assessment and program review systems. No further reports are required. The institution’s next comprehensive evaluation is scheduled for 2015-2016.

Dr. Boys echoed the Commission staff by commending Nicole Roades, Bill Worpenberg and the entire faculty for their engagement in working hard to address the areas that the HLC recommended. Having spent 15 years working on accreditation, Vice Chair Wilson stated she recognizes the amount of work that has been devoted and extended congratulations as well.

The President noted his written reports are posted on the SSCC Web site in hopes of sharing activities of the college with the college community and beyond.

From his written report, Dr. Boys drew attention to the following items:

- **PSEO Update.** Dr. Boys stated he is pleased to see the number of students from our local high schools (15.9 percent of our enrollment) doing college level work at Southern State Community College.
- **Vision Document.** Dr. Boys shared with the Board a visual of the vision statement *Your First Choice* college, which is a result of the vision team that was assembled. The document is also available in electronic format. He said the vision statement provides a good foundation to talk about the direction of SSCC. More formal verbiage and goals will be developed to accompany the vision chart.
- **Soccer Team Success.** The soccer team had a tremendous season as they qualified to participate in the national tournament, which was a great experience despite the fact they did not win.
- **Interim Dean Hiring.** Dr. Boys introduced Jessica Wise, Fayette Campus Director, who has been selected as Interim Dean of Liberal Arts and Core Studies and thanked her for stepping forward to fill the position on a part-time basis until the search process for a full-time individual is complete.
- **Distance Education Coordinator.** A search to fill this position is in progress.

President Boys introduced John Joy, Dean of Corporate and Community Services, who presented information on the grant that is providing Enterprise Facilitation services in Highland County and introduced Sid Raisch, the Enterprise Facilitator.

President Boys introduced Janeen Deatley, Director of Financial Aid, who provided an overview of financial aid and the application process.

**Vice President of Business and Finance Report**

Vice President of Business and Finance Jim Buck reported he received information from the Ohio Board of Regents earlier in the month that they had recalculated our state funding which will result in a cut of
$340,000. If not for the lapse our state funding would have increased this year by 12.99 percent over last year. A revised budget will be presented to the Board of Trustees at the December Meeting.
