## **SSCC hosts Paranormal Investigators for Oct. 29 event**

An Ohio group known as Paranormal Scientific Investigators (PSI) will present a free special event 6:30 p.m. Tuesday, Oct. 29 in the Learning Resources Center on Southern State Community College's Fayette Campus, 1270 U.S. Route 62 SW, Washington Court House.

"We invite the community to join us in welcoming PSI to Southern State's Fayette Campus," said Kari Jones, LRC manager. "The group will share their evidence of paranormal activity collected from Ohio and surrounding states."

Attendees will be able to view photographs and video files, including those from a case in Washington C.H. which appeared on an episode of "My Ghost Story," an A&E and History Channel series.
