SOUTHERN STATE COMMUNITY COLLEGE  
**PRESS RELEASE**  
June 17, 2013

---

## **SSCC info session July 9 for Adams County classes**

Southern State Community College will host two informational sessions regarding college classes offered in Adams County. The info sessions will be held 2 p.m. and 6 p.m. on Tuesday, July 9, at the DP&L Generation Center, 401 Starks Drive, Manchester.

This fall, Southern State will be offering general education courses that fit into most academic pathways, as well as the college's degree program in Electromechanical Engineering.

For more information about the upcoming sessions, please contact Amy McClellan at 1-800-628-7722 (in Ohio) or 937-393-3431, ext. 2785. To learn more about the Electromechanical Engineering degree offered in Adams County, please visit
