Student Orientation

Attending Orientation

After you've met with an advisor and registered for classes, you'll receive a letter inviting you to New Student Orientation.

New Student Orientation is a great way to **CONNECT** with us! It is also a time to meet other students just like yourself. You don't want to miss it.

During orientation, you'll learn about all the **free services** available to you as a student.

You will also have your ID card made and will be able to purchase books on the night of orientation.

For more information about New Student Orientation, please visit:

Orientation for Online Students

Southern State uses CANVAS software to offer online courses. Online students log on to their CANVAS virtual classroom several times a week to communicate with their instructor and classmates, obtain course materials, participate in a variety of learning activities, and submit assignments or take tests.

Instructors may require online students to have access to specific programs or other resources and may also require the student to complete an orientation at the beginning of the semester. To find what the instructor requires and if the online course you wish to take includes a required orientation, visit this page:

www.sccc.edu/academics/online-courses.shtml

Adding, Dropping, Withdrawing and Refund Policy

.....

Attending Classes

Class lists are verified on the first day. Taking attendance on the first day is the only way the instructor can verify the class list and determine possible openings. If you miss the first day of class and don't make arrangements with the instructor, your space in that class could be jeopardized. **ATTENDANCE IS NOT OPTIONAL.** If you receive financial aid you must attend each course you are registered for during the first two weeks of the semester to be eligible to receive financial aid. You should be aware that not attending any class meetings does not constitute an automatic drop, nor does it relieve you of tuition and/or fee liability.

Changing Classes

With an instructor's permission, you can typically change a class during the first five days of the fall and spring semesters and during the first three days of a given summer term. Any course change is dependent on course availability and the permission of the instructor. To officially complete a course change, you must complete a Drop/Add Form, have "adds" signed by the instructor, and submit it to the Student Services Office.

Dropping a Class

If you need to drop a course, you can refer to page 11 of this booklet for the 100% refund policy. If you receive financial aid, contact the Financial Aid Office to discuss your responsibilities.

Withdrawing

Anytime you choose to withdraw from a course, your decision must be carefully considered and discussed with your instructor regardless of the reason for the withdraw. Withdrawing from a course has many implications that are often overlooked and unexpected. Student financial aid and enrollment status are two of the most critical factors that are affected by your decision to withdraw from a course. Depending on the timing of the withdrawal, you could jeopardize your financial aid and end up being responsible to pay back a portion of the financial aid to the federal government. Financial aid students should contact the Financial Aid Office at 800.628.7722 x2610 prior to withdrawing from any class. Our friendly staff will assist you regarding the appropriate time to withdraw.

It is vital that you speak with your instructor prior to withdrawing. SSCC instructors recognize that students have to withdraw for various reasons including reasons in which they can offer little assistance; however, in many cases, they can help but they must be notified of your challenges first. Regardless of your reason to withdraw, always speak to your instructor first. It is also important to discuss your withdrawal considerations with your academic advisor so you'll have a thorough understanding of academic warning and probation, and other course options for future planning.

Lastly, it is vital that you follow procedures for properly withdrawing. Withdrawal forms are available on each campus, but the form must be completed and submitted before you are "officially" withdrawn. Never assume that by simply not attending class, you have officially withdrawn. Below are important dates that you will want to remember regarding withdrawing from a course.

SPRING	SEMESTER BEGINS	SEMESTER ENDS	LAST DATE TO OFFICIALLY WITHDRAW

Need assistance in paying for college? These steps will help you apply for Financial Aid to attend Southern State.

1 First - Apply for a Federal Student Aid User ID and Password.

The Federal Student Aid User ID and Password is your electronic signature when applying for federal student aid. All students and at least one parent of a dependant student are required to have a User ID and Password.

Apply at studentaid.ed.gov/sa/fafsa/filling-out/fsaid

3 Complete the FAFSA

All students must complete and submit the FAFSA (Free Application for Federal Student Aid) each academic year in order to have eligibility determined for federal, state and some types of institutional financial aid.

2. Enter your personal required information.
3. Select the appropriate academic year for processing.
4. Answer all of the questions.
5. In the income area, select the option to retrieve you and your spouse's or you and your parent's income tax data pulled into the FAFSA directly from the IRS 1040 form (otherwise the student will need to request a copy of their tax transcript from the IRS).

The financial aid team at Southern State is happy to assist you with the FAFSA process or any questions you may have about financial aid. You may contact the financial aid office at [800.628.7722 x2610](tel:800.628.7722) or financialaid@sccc.edu.

Scholarships

Applying for scholarships at Southern State has **never been easier!** With the launch of a new, online scholarship portal, applying is as simple as completing a general student questionnaire, uploading your transcripts and a letter of recommendation, and clicking “submit application.”

- 1 Sign in** – With an email and password, you are in! You are welcome to use any email of your choosing and create a distinct password.
- 2 Complete questionnaire** - In addition to your profile information, you will be asked several questions that will help us recommend the scholarships best suited to you.
- 3 Upload documents** - We will need validation of your previous academic experience, whether at the high school or college level. And, we will also need to know that someone else will vouch for you—a letter of recommendation is required to complete the application. So, be ready to upload a copy of your transcript and a letter of recommendation. If you’ve never uploaded a document before, no worries, our financial aid team would be happy to walk you through the process.
- 4 Select scholarships and APPLY** - Once you complete the questionnaire and upload your required documents, you can “submit your application.” After that, you can view the scholarships that have been recommended for you based on your responses. Some of them require specific follow-up so don’t forget to complete each application in its entirety.

Our priority deadline for the 2019-20 year is Mar. 15, 2019

Summer Super Start Scholarship

Are you a high school senior and eager to accelerate your college goals? If so, you will want to check out Southern State's Super Start Scholarship Program. For qualified applicants, the Super Start Scholarship is designed to offer students the opportunity to take up to six (6) credits tuition free during the summer immediately following the completion of their high school career. The application is easy and available online. **The deadline to apply is May 1, 2019.**

To apply, go to www.sccc.edu/financialaid/forms/scholarships/application-super-start.pdf

Eligibility is restricted to graduating high school seniors who have maintained a 2.75 GPA. Scholarship is non-transferrable and can only be used during the summer term.

Academic Programs and Locations

It may be surprising to learn that nearly half of the students attending Southern State take courses for the purpose of transferring while the other half attend to pick up the necessary technical skills to go straight into the workforce. We have programs to fulfill both needs. More importantly, we have **committed, qualified, exceptional faculty** members who deliver this instruction. Matter of fact, recent surveys suggest that the **student faculty relationship is one of the leading factors** in students giving Southern State a **high quality rating**.

To give you a quick snapshot of the location and timing of our programs, we've condensed the information into the chart on page 15. As you read however, don't make too many assumptions about availability. Just because you don't see a desired technical program at the campus most convenient to you, it is often possible to pick up some of the non-technical coursework required for that program at the campus that is more convenient.

So, whether you are attending Southern State to earn a degree that will lead directly to employment in a chosen field, or will be transferring to another college or university, we are glad to be your first-choice college. I encourage you to make the most of your experience through academic and social engagement at the campus of your choice.

The tool will also be linked with SSCC's academic program web pages in an effort to help potential students see direct career opportunities. For career advising and job readiness, advisors can help students explore occupations, develop resumes, and discover local employment options in their major fields.
