Academic Services

Academic Advising

The role of the faculty is not only teaching but to provide guidance to students in their overall education at SSCC. The faculty advisor is available to assist students in selecting the correct courses in their choice of programs. Students are encouraged to seek the assistance of the faculty advisor periodically throughout his/her education at SSCC. Some faculty advisors are specialists in advising students who intend to transfer to the four-year institution, while others are specialists in advising students in specific fields, such as nursing, medical assisting, engineering, etc. Once the student declares a major, then a faculty advisor in the field chosen would be the most appropriate expert for advising.

Library

The Library operates a full service facility at each campus location and may be accessed through our web site address at <http://library.sccc.edu>.

The Library provides comprehensive library services, including access to materials using an online public access catalog called OPASS. Information literacy instruction is available on a general or subject specific topic to any class offered at the College. Books and other materials are available from all campuses and may be accessed from any campus location. Reference and information services, both print and electronic, are provided on each campus.

The Library collection has been developed to support the curriculum taught at the College. There are numerous volumes located in the Library collection and access to materials from 90 OhioLINK member libraries. The library provides access to thousands of electronic periodicals through academic databases covering a variety of subjects.

The Library provides several special collections. The Brown County campus Library provides access to the Appalachian collection; while the Library at Central campus provides access to the Southern Ohio Genealogical Society collection. Additionally, the North campus Library is home to the Clinton County collection.

The Library provides a variety of resource sharing services. Interlibrary loan services are available from the Ohio Library and Information Network (OhioLINK), the Southwestern Ohio Council for Higher Education

(SOCHE) in the Dayton-Miami Valley area, the Greater Cincinnati Library Consortium (SWON), and the Online Computer Library Center (OCLC), which provides access to libraries around the world. Document delivery is provided by fax and electronic scanning service in addition to a daily courier service. The Library operates as a portal to digital resources and provides the College community with an information commons environment for learning. Audiovisual support is provided at all campuses.

The Library at Fayette Campus is the location of the Fayette Ohio MEANS Jobs Center. The Center provides assistance in resume writing, job seeking and job placement services for citizens of Fayette County. For more information visit <http://www.fayetteworks.com/>.

Public service policies have been adopted to assure all users have access to information for their instructional needs. The Library utilizes an automated circulation system that requires the use of a valid patron record. OPASS (the online library catalog) provides up-to-the-minute circulation access to materials on the shelves not only at Southern State but also at all OhioLINK and SearchOhio libraries throughout the state. Remote access to Library services is available to all users. For circulation policies go to www.sccc.edu/lrc/assets/policies-lrc-circulation.pdf.

Adult Opportunity Center

Aspire

formerly known as Adult Basic and Literacy Education

Aspire (formerly known as Adult Basic and Literacy Education -- ABLE) classes are provided on each campus and in several off-campus locations, making services available in Adams, Brown, Clermont, Clinton, Fayette, and Highland counties. Morning, afternoon and evening classes are available with fully qualified instructors present at each site. A variety of services are offered, which include adult literacy, GED preparation, Nursing program preparation, College refresher/readiness courses, Workforce education, reading, writing, and math improvement.

The Aspire program is offered FREE to any qualified individual who is at least 16 years old (Those under the age of 19 have additional requirements). All books and materials are provided and no fees are charged for instruction. Following assessment, students work with the staff to establish an Individualized Learning Plan (ILP) to assist in defining goals and developing activities. ILPs are designed to assist students in meeting their own educational or career objectives.

The Aspire Program offers services for improving the basic skills of reading, writing, and math. Parents can enroll to be better equipped at helping their children with homework. Other adults enroll for self-improvement. Enrollment is open to any adult who has a deficiency in any of these areas.

GED preparation is available to those who wish to complete their secondary education. Instructors are trained in what it takes to pass the GED and excellent materials are available to students who enroll.

Many workers come to the AOC to retrain for new or better jobs. Students are encouraged to develop skills that will allow them to get and keep jobs. The program works with area businesses to train workers.

Orientation is the first step for all enrolling students. Pre-registration is required. The Orientation process includes registration, assessment, development of student goals, and information about the program.

For additional information or pre-registration for the orientation at any of the sites, call the AOC office at (937) 393-3431 or 1-800-628-7722, extension 2687.

Tentative Class Schedule

The tentative class schedule for AOC classes is below. New students can enter following an orientation for which pre-registration is required. The schedule and locations are subject to change, so please call for current information. Remember, classes are free and materials are furnished.

College Readiness

For college or college-bound students who need extra assistance in math or English, the AOC program offers College Readiness. The classes, which meet twice a week, are free and the materials are furnished. Since no tuition or fees are required, financial aid can be reserved for college-level classes.

The classes are designed specifically to help students prepare for college. Students may enter prior to college enrollment or while taking college classes. Enrollment is limited to students who have a high school diploma/GED, yet need a refresher before or after registering for college math or English. Students cannot be enrolled in both the AOC and college for the same subject at the same time. Class enrollment is limited, allowing for ample opportunity for individualized instruction. This is a great opportunity for students to build confidence in these areas.

For additional information or pre-registration, call the AOC office at (937) 393-3431 or 800-628-7722, extension 2687.

Annual Recognition

An annual GED Recognition, sponsored by area businesses, organizations, and individuals, is held at the end of the program year. The evening is a way of recognizing students who have received their GED, or achieved other significant goals.

The GED Trustees Honors Scholarships are awarded during the ceremony. The time is also used to honor those in the community who have been especially supportive of the Aspire program. All students are invited to attend. Family, friends, and members of the community are encouraged to participate.
