

Academic Programs

Academic Programs

All students working toward an associate degree must register for one of the programs listed in this section.

Two-year general studies or pre-baccalaureate programs lead to the Associate of Arts or Associate of Science degree. Two-year technical education curricula lead to either the Associate in Applied Science, the Associate in Applied Business, or Associate of Technical Studies.

General Studies Programs

Developmental Courses

Developmental courses are taken in addition to any degree program and may not be used to satisfy any basic degree requirements. These developmental courses are COLL 1100, ENGL 0097, ENGL 0099, MATH 1106, MATH 1116, and MATH 1118.

Associate of Arts and Associate of Science Degrees

The Associate of Arts and the Associate of Science degrees allow each student the opportunity to pursue programs culminating in two years of formal education. While the programs provide for a core of courses required of all students, they have enough flexibility to enable students to pursue a selection of courses based upon their own areas of interest and their educational goals. Students should select electives with their academic advisor's assistance.

The Associate of Arts and the Associate of Science degrees also provide the prospective student with a firm base from which to pursue a baccalaureate degree at a four-year college or university. Courses resemble those typically offered during the first two years at an accredited baccalaureate institution. The programs have been designed to permit a broad curricular sampling in the areas of communication, social sciences, humanities, and the sciences. The degrees have also been structured to permit students the possibility of selecting courses which suit their own individual needs.

Students must meet the entrance requirements of the college to which they intend to transfer. Since requirements vary among the colleges, students are advised to consult with the appropriate officers of the transfer institution. Acceptance and evaluation of credits lies exclusively within the jurisdiction of the colleges to which students transfer. Advisors will assist any student who plans to transfer to another college or university.

General Studies Requirements

Every student pursuing an Associate of Arts or Associate of Science degree program at Southern State Community College shall select studies in specific areas of discipline. The specification of such studies is not a designation of specific courses; rather it allows the student freedom to select, from several alternatives, those experiences most appropriate for him/her. The credit distribution which follows is based on the recommended standards of the Ohio Department of Higher Education.

Institutional Transfer and the Transfer Module

The Ohio Department of Higher Education developed a statewide policy which will facilitate the transfer of students in Ohio colleges and universities. This policy, referred to as the Transfer Module, allows students who meet the Transfer Module requirements of their home institutions to meet automatically the Transfer Module requirements of the colleges or universities to which they transfer, even though the requirements of the institutions may vary. Students should note, however, that after transfer, they will be required to meet additional general education requirements that are not included in the Transfer Module.

The Transfer Module is made up of a specific subset or the entire set of a college or university's general education requirements in English composition, mathematics, humanities, fine arts, social science, behavioral science, physical science, natural science and interdisciplinary course work. The study of foreign language is also encouraged. The requirements contain 36-40 semester hours of course credits, as specified by individual colleges and universities.

Under the guidelines of the Transfer Module policy, receiving institutions will give priority admission status to students who have completed either the Associate of Arts degree; the Associate of Science degree; or 60 semester hours, including the Transfer Module, with a grade-point average of 2.0 or higher.

Students should note, however, that admission to an institution does not necessarily guarantee admission into a particular major, minor, or field of concentration.

After transfer students are admitted into their receiving institutions, they are subject to the same regulations, including residency requirements, as are native students. They also will be given the same class standing and other privileges as native students. As early as possible in their academic careers, all transfer students should communicate with various colleges and universities to which they would like to transfer. These communications and subsequent early decisions about majors and prospective receiving institutions will enable students to plan their courses of study at their transfer institutions. This planning, along with the help provided by the Transfer Module, should make the transfer of students in Ohio schools work smoothly. Southern State cannot be responsible if the student takes courses out of sequence or substitutes courses for those listed in the program.

Transfer Module Requirements

The Transfer Module at Southern State Community College (effective Autumn Quarter 1991) consists of **36 semester credit hours** of introductory courses in: English Composition, Mathematics, Arts/Humanities, Social and Behavioral Sciences, and Natural and Physical Sciences. Students should follow these directions in selecting courses for the Transfer Module:

1. Select minimum requirements from introductory courses following the instructions provided in each section.
2. Complete the required minimum hours of the Transfer Module from the remaining courses on this list.

NOTE: Be sure to check with an academic advisor to assure the courses selected are the most appropriate for the major and the transfer college or university selected.

WRITTEN & ORAL COMMUNICATIONS

(9 semester hours)

ENGL 1101	English Composition I (3)
ENGL 1102	English Composition II (3)
COMM 1115	Fundamentals of Effective Speech (3)

(This course is in addition to English Composition and does not replace nor can it be substituted for written composition courses.)

MATHEMATICS

(Select a minimum of 3 semester hours)

MATH 1124	Finite Math (3)
MATH 1141	College Algebra (3)
MATH 1142	College Trigonometry (4)
MATH 1160	Statistical Concepts (3)
MATH 2221	Calculus I (5)
MATH 2222	Calculus II (5)
MATH 2223	Calculus III (4)
MATH 2250	Linear Algebra (4)
MATH 2281	Introductory Statistics (3)

ARTS/HUMANITIES

(Select 6 semester hours from at least two areas)

English

ENGL 2201	Introduction to Literature (3)
ENGL 2202	The Great American Novel (1925-Present) (3)
ENGL 2207	Women's Literature (3)
ENGL 2217	Readings in Early British Literature (3)
ENGL 2218	Readings in Later British Literature (3)
ENGL 2230	American Literature to 1865 (3)
ENGL 2235	American Literature after 1865 (3)
ENGL 2236	Contemporary World Literature: The Novel (1945 to present) (3)
ENGL 2240	Introduction to Films (3)
ENGL 2246	Classical and World Mythology (3)

Philosophy

PHIL 1101	Introduction to World Philosophy(3)
PHIL 1102	Introduction to Western Philosophy(3)
PHIL 1107	Ethics (3)

Fine Arts

FNAR 1104	Introduction to the Arts (3)
FNAR 1111	History of Art I (3)
FNAR 1112	History of Art II (3)
FNAR 1116	Music Appreciation I (3)
FNAR 1117	Music Appreciation II (3)

Theater

THEA 1121	Introduction to the Theater (3)
-----------	---------------------------------

SOCIAL SCIENCE**(Select 6 semester hours in at least two areas)****Economics**

ECON 2205 Principles of Microeconomics (3)

ECON 2206 Principles of Macroeconomics (3)

PHYS 2222/2232 College Physics for Scientists & Engineers II/Lab (4/1)

General Education Distribution Requirements

Associate of Arts Degree

To receive an Associate of Arts Degree, a student must complete course work that satisfies the following guidelines:

1. The SSCC Transfer Module (36 semester credit hours) must be satisfied.
2. A minimum total of 60 non developmental education semester credit hours must be successfully completed.
3. Course work must be distributed in the following manner. In all cases, courses taken to satisfy the Transfer Module may be included in these totals.

A. Written & Oral Communications

9 semester hours (ENGL 1101, ENGL 1102, COMM 1115)

B. Social Sciences

9 semester hours (Courses from at least 2 areas)
Economics
Sociology
Psychology
History
Political Science

C. Science and Mathematics

9 semester hours (at least one course from category 1 and two courses from category 2)
1) Mathematics
2) Biology, Chemistry, Physics

D. Arts and Humanities

12 semester hours
(Courses from at least two areas)
Literature
Film
Fine Arts
Philosophy
Theater
Foreign Language

E. Electives

At least 21 semester hours

60 total credit hours for degree completion

Students with specific baccalaureate goals should meet the Associate of Arts requirements with electives that are approved by the advisor at the receiving institution.

Associate of Arts – Concentration Pathways

The concentrations listed below are academic pathways within the Associate of Arts Degree. *For example, a student who is planning to transfer to a four-year institution for Business Management may be interested in pursuing a concentration in Business Management.* Students must meet all requirements for the Associate of Arts Degree and Transfer Module to qualify for a concentration.

• Agriculture

AGRI 1106	Principles of Crop Science
AGRI 1107	Principles of Animal Science
AGRI 2207	Forages
AGRI 1126	Livestock Feeds & Feeding
AGRI 1114	Horticulture
AGRI 1145	Livestock Health

• Health and Physical Education

HPER 1101	Intro. to Sport & Kinesiology
HPER 1195	Fitness & Wellness for Life
HPER 2234	Personal Health (<i>or three activity courses</i>)
	- HPER 1106
	- HPER 1127
	- HPER 2217

• Business Management

ACCT 1101	Principles of Financial Accounting
ACCT 1102	Principles of Managerial Accounting
BADM 2204	Principles of Marketing
BADM 2206	Principles of Mgmt & Org. Behavior
BADM 2251	Business Law I
BADM 2272	Business Communications

• Real Estate

REST 1171	Principles of Real Estate
REST 1173	Real Estate Law
REST 2275	Real Estate Finance & Appraisal

• Theater

THEA 1121	Introduction to Theatre
	<i>Choose one of the following:</i>
	- THEA 1131, THEA 1132, THEA 2231
	<i>Choose one of the following:</i>
	- THEA 1101, THEA 1104, THEA 2204
	<i>Choose one of the following:</i>
	- THEA 1140, THEA 1150, THEA 2220

Associate of Science Degree

To receive an Associate of Science Degree, a student must complete course work that satisfies the following guidelines:

1. The SSCC Transfer Module (36 semester credit hours) must be satisfied.
2. A total of 60 non-developmental education semester credit hours of must be successfully completed.
3. Course work must be distributed in the following manner. In all cases, courses taken to satisfy the Transfer Module may be included in these totals.

A. Written and Oral Communications

9 semester hours (ENGL 1101, ENGL 1102, COMM 1115)

B. Social Sciences

9 semester hours (Courses from at least 2 areas)
 Economics
 Sociology
 Psychology
 History
 Political Science

C. Science and Mathematics

14 semester hours Courses from 1 and 2 (at least one course from category 1 and two courses from category 2)

1. Mathematics - 1141, 1142, 2221, 2222, 2223, 2230.
 Other math courses will not satisfy this requirement.
2. Science
 Biology - 1101, 1102, 1104, 1105, 2205, 2206, 2210.
 Chemistry - 1151/1161, 1152/1162, 2201/2211, 2202/2212
 Physical Science - 2201/2211, 2202/2212, 2221/2231, 2222/2232.
 Other science courses will not satisfy this requirement.

D. Arts and Humanities

9 semester hours (Courses from at least two areas)
 Literature
 Film
 Fine Arts
 Philosophy
 Theater
 Foreign Language

E. Electives

At least 19 semester hours

60 total credit hours for degree completion

Associate of Science – Concentration Pathways

The concentrations listed below are academic focus pathways within the Associate of Science Degree. For example, a student who is planning to transfer to a four-year institution for Engineering may be interested in pursuing a concentration in Mathematics. Students must meet all requirements for the Associate of Science Degree and Transfer Module to qualify for a concentration.

• Agriculture

AGRI 1106	Principles of Crop Science
AGRI 1107	Principles of Animal Science
AGRI 2207	Forages
AGRI 1126	Livestock Feeds & Feeding
AGRI 1199	Seminar
AGRI 2200	Field Experience/Internship
AGRI 2238	Pesticides & Pesticide Usage

• Forensic Biotechnology

Recommended for students interested in Crime Scene Investigation, Law Enforcement, and Criminal Investigation Laboratory Science

BTNL 1110	Intro to Biotechnology & Laboratory Science
BTNL 1120	Intermediate Biotechnology & Laboratory Science
CJUS 2233	Criminal Investigation
CJUS 2245	Crime Scene Investigation

• Molecular Biotechnology

Recommended for students interested in Premedicine, Pre dentistry, Preveterinary, Biology, or work in the Biotechnology field

BTNL 1110	Intro to Biotechnology & Laboratory Science
BTNL 1120	Intermediate Biotechnology & Laboratory Science
BTNL 2220	Advanced Biotechnology & Laboratory Science

• Mathematics

MATH 2222	Calculus II
MATH 2223	Calculus III
MATH 2230	Differential Equations
MATH 2250	Linear Algebra

Students with specific baccalaureate goals should meet the Associate of Science requirements with electives that are approved by an advisor at the receiving institution.

Technical Programs

Technical education is designed to provide thorough career training at the technician level. The two-year associate degree programs expose students to intensive practical experience and skill development in the field they choose to study. The certificate programs are aimed at giving students a compact but thorough knowledge in a specified field. Technical offerings are tailored to meet the career interests and employment needs of persons in the communities served by Southern State Community College. These degrees are awarded for successful completion of program requirements in a specialized degree program aimed at preparing a student for entry into a specific occupation.

Associate of Applied Business

- 429 Business Management
- 429D Accounting

Associate of Applied Science

- 430 Nursing
- 435 Human & Social Services
- 435A Human & Social Services:
Chemical Dependency
- 441 Agriculture Production
- 441C Biotechnology & Laboratory Science
- 455B Computer Information Technology
- 455D Cyber Security and Forensics
- 460C Mechanical Design Technology
- 470A Electro-Mechanical Engineering
- 470G Aviation Maintenance
- 485 Early Childhood Education
- 486 Paraprofessional Education
- 492 Medical Assisting
- 496A Law Enforcement

Associate of Technical Studies

- 410 Associate of Technical Studies

Certificate Programs

These certificates are awarded for successful completion of the certificate requirements designed to give students a compact but thorough knowledge for these fields:

- 429B Real Estate (Short term)
- 429G Accounting (One year)
- 432 Practical Nursing
- 492B Phlebotomy
- 492E Medical Assistant Technology

It is important for students to plan their program with the help and approval of a faculty advisor.

Technical Studies - 410

Associate of Technical Study Degree

Total Credits: 60-73

The Associate of Technical Study (ATS) program offers the student the opportunity to design, with faculty guidance, an individualized course of study to suit specific career-related goals. Course work for ATS degrees may include portions of existing Southern State programs, skills already learned, life experience and applicable credits earned at other schools. Requirements for an individual student's program usually fit into traditional program offerings.

While meeting each student's personal career objectives, the ATS program satisfies the employer as well. The program is particularly appropriate for individuals who are employed and have been targeted for positions with additional responsibility. It also provides an option for both employer and employee when existing job positions have requirements which are not adequately matched with current college curricula. The individualized philosophy of the program draws courses from two or more technical areas and attempts to fulfill local employment needs one student at a time. Furthermore, this multidisciplinary approach will prepare graduates for future transitions which may occur in the workplace.

Admissions Procedures

Individuals interested in pursuing the Associate of Technical Study degree will begin the application procedure by first being directed to a faculty advisor.

Secondly, the student will complete and submit the Southern State Community College Application for Admission and the Associate of Technical Study Application. On the ATS Application form, the student will be asked to justify acceptance into the program and to demonstrate sound rationale for why the ATS degree is more appropriate.

Next, the student will be assigned a faculty advisor and an ATS planning committee will be established. The faculty advisor, along with the planning committee, will oversee the selection of courses and assure that standards will be maintained.

Each student's progress will be monitored, and any deviation from the established program must be approved by the Vice President of Academic Affairs.

Graduation Requirements

1. Graduates of the ATS program will adhere to the same requirements as any technical program at Southern State with regard to communications, mathematics, social science/humanities and natural sciences.
2. Semester hour requirements will be established individually within limits of 60 to 73.

3. A grade point average of 2.00 or above is required for graduation.
4. At least 20 semester hours of classroom instruction of each student's course work must be completed at Southern State.
5. Particular courses may be required by the planning committee, based upon the student's background and career objectives.

Associate of Technical Study: Type A Program

This program enables the student to receive college credit for qualified industry training and to choose courses from two or more existing Southern State associate degree programs and thereby design a personalized curriculum. All ATS Type A program curriculums must be approved by the Vice President of Academic Affairs.

Associate of Technical Study: Type B Program

This program helps the college to develop associate degree programs in partnership with professional organizations and business/industrial firms with staff development programs by equating their training activity to a block of college credit.

A college review committee will examine the training program offered by an organization in order to determine if it qualifies for inclusion.

When implemented, each program accommodates students transferring from an educational program which lies outside the traditional collegial domain. The degree gives recognition to the training of the professionals while enabling them to experience the broadening, liberalizing, and enriching components of a college education. For more information concerning the ATS Type B program, contact your faculty advisor.

Currently, cooperative arrangements can be incorporated for ATS Type B degrees in the following:

Industrial Training

Southern State has worked with numerous industries to develop a program for skill areas used in industry from existing curriculum, in whole or in part. These completed programs can provide a significant amount of credit toward an associate degree.

The basic ingredients of these programs and their basic framework can be adapted to other trade or skill areas to meet other companies' needs.

Total Credits: 60-73

Business Management - 429

Associate of Applied Business Degree

Total Credits: 60

Nature of the Profession: Managerial personnel oversee, direct and plan the work of others as well as determine business policy. Entry-level positions are either supervisory or trainee in nature. Supervisors are the largest group and they direct workers' activities in such areas as sales, production, accounting, and purchasing.

Related Job Titles: Several jobs related to the management field are Retail Department Manager; Purchasing Manager; Restaurant, Hotel, or Motel Manager; Credit Manager; and Manager Trainee.

*MATH 1124 is required for the Associate Degree and most transfer institutions.

After completion of CSCI 2218, students can sit for the Excel Licensure Exam.

After completion of ACCT 2230, students can sit for the Intuit Quickbooks Licensure Exam.

Completion of the Accounting One-Year Technical Certificate is stackable into the Accounting Associate Degree.

Nursing - 430

Associate of Applied Science Degree

Total Credits: 65

Nature of the Profession: The registered nurse (RN) provides patient care due to illness or desire to maintain health. The RN scope of practice is defined by the Ohio Nurse Practice Act. RNs practice nursing in a wide range of settings including hospitals, schools, work sites, and patient's homes. Multiple advanced degrees are offered at various universities.

Program Design: The program is accredited by the Accreditation Commission for Education in Nursing, Inc., 3343 Peachtree Road NE, Suite 850, Atlanta, Georgia 30326 (404-975-5000) and has full approval of the Ohio Board of Nursing. The program is designed to be completed in four semesters.

Admission Criteria: Admission to the nursing program is a competitive and selective process. The Associate Degree Nursing Program Information Packet describes the application process and documentation required to support entry into the ADN Program. The Nursing Transition Program Information Packet is available to guide practicing LPNs to apply to the Associate Degree Nursing Program. The Associate Degree Nursing Program and Nursing Transition Program Information Packets are available at all Southern State campuses or at www.sccc.edu/academics/associate/nursing.shtml

NRSG 1107 and non-nursing courses may be completed prior to entry into the program or during the required semester of the nursing program. Please note this may reduce the amount of Financial Aid you receive each term.

Incomplete applications will not be considered. It is the responsibility of the applicant to be sure the required information is submitted to the nursing office.

Other recommended courses are: CHEM 1124, COMM 1115, any course with FNAR prefix. HPER 2261, MAST 1115, MATH 1160 and PSYC 1110. If preparing for BSN completion, please contact school of choice for program requirements.

Program Total		65

Practical Nursing - 432

Certificate Program

Total Credits: 35

Nature of the Profession: The licensed practical nurse (LPN) provides patient care due to illness or desire to maintain health. The LPN scope of practice is defined by the Ohio Nurse Practice Act. The LPN provides care at the direction of a licensed physician, dentist, podiatrist, optometrist, chiropractor, or registered nurse. The majority of LPNs work in long-term care and community organizations.

Program Design: The Practical Nursing Program is a three semester certificate program combining lecture, lab, and clinical experiences designed to prepare the graduate to be eligible to complete the licensure examination (NCLEX-PN) to become a Licensed Practical Nurse. The program has full approval of the Ohio Board of Nursing.

Admission Criteria: Admission to the nursing programs is a competitive and selective process. The Practical Nursing Program Information Packet describes the application process and documentation required to support entry into the Practical Nursing Program. The Practical Nursing Program Information Packet is available at all Southern State campuses or at www.sccc.edu/academics/certificate/practical-nursing.shtml

Non-nursing courses may be completed prior to entry into the program or during the required semester of the nursing program. Please note this may reduce the amount of Financial Aid you receive each term.

Incomplete applications will not be considered. It is the responsibility of the applicant to be sure the required information is submitted to the nursing office.

Human and Social Services - 435

Associate of Applied Science Degree

Total Credits: 64

Nature of the Profession:	COURSES	CREDITS
Human services worker is a generic term for people with various job titles who may play a variety of roles in community service and agency settings. They may assist clients in obtaining benefits and services or assess the needs and establish the eligibility of clients for services. They may organize and lead group activities, assist clients in need of emotional support or crisis intervention, or they may monitor and keep case records on clients and report progress to supervisors. Additionally, human services workers may administer programs such as food banks, emergency fuel programs, or work with senior centers or charities.	Fall Semester

Human services workers generally work under the direction of a qualified professional--many times a social worker, professional counselor, program director, or psychologist. The amount of responsibility and supervision they are given varies a great deal, as do actual work duties. Some are on their own most of the time and have little direct supervision; others work under close supervision.

Related Job Titles: Social Work Assistant, Social Services Technician, Assistant Counselor, Family Services Worker, Case Extender, Case Manager, Victim Advocate Associate, MR/DD Adult Services Worker, Gerontology Aide, Residential Treatment Facility Associate, Intake Specialist, Job Coach, Income Maintenance Worker, Senior Center Director, Outreach Worker.

Program Design: The program provides a foundation in social and behavioral sciences which will prepare students for challenging work in a variety of social service settings. Entry level courses in the helping professions such as psychology, cultural diversity, sociology, social problems, and interviewing techniques will be offered. Specialty classes will include substance abuse, case management, counseling, crisis intervention, mental retardation, and gerontology. The program has been designed to meet the course work standards of the State of Ohio Counselor, Social Worker, and Marriage and Family Therapist Board certification as Social Work Assistant. Individuals will be provided opportunities for personal and professional growth through knowledge-based learning, experiential processes, community involvement and 480 hours of practical experience under direct supervision of professionals in local agencies.

Persons pursuing a career in human services should recognize that to be successful, they must be emotionally stable, creative, and flexible. Human services professionals must be able to work effectively with diverse groups of people and individuals with a wide variety of ages, racial and cultural backgrounds, and life situations.

A grade of "C" (2.00) or better is required in all courses for graduation. Any required course in which a grade below a "C" is received must be repeated. Life experience credit may not be used to fulfill graduation requirements in this program.

Chemical Dependency Major - 435A

Human and Social Services - Associate of Applied Science Degree

Total Credits: 64

Nature of the Profession:

The Human and Social Services Chemical Dependency Major is designed to prepare students for careers in case management and counseling of chemically dependent individuals and their families. Students are prepared for employment in entry level positions in a variety of settings including therapeutic communities, rehabilitation centers, inpatient facilities, residential programs, outpatient clinics, mental health centers, detox units, and other organizations focusing on addictions treatment, education, or prevention. They may organize and lead group activities, assist clients in need of emotional support or crisis intervention, or they may monitor and keep case records on clients and report progress to supervisors. The amount of responsibility and supervision they are given varies a great deal, as do actual job duties.

Related Job Titles:

Case Manager, Caseworker, Chemical Dependency Counselor, Social Work Assistant, Home Visitor, Residential Treatment Facility Associate, Addictions Educator, Intake Specialist.

Program Design:

The program provides students with a foundation in social and behavioral sciences, a focused study in addictions, and career-oriented clinical/practicum experiences leading to the development of competent addictions counselors. The curriculum places strong emphasis on application of knowledge to problems and practices in the fields of human services and chemical dependency treatment, intervention, and prevention. Courses in the program address basic human services and counseling skills, pharmacology and addictions theory, as well as a selection of liberal arts topics to provide a broad understanding of the human experience. Academic and clinical application coursework is built around the knowledge, skills, and competencies necessary to help clients move from life threatening addictions to recovery. Classes focus on the following:

- psychological and sociological understanding of human interactions;
- addictive behaviors and various treatments utilized with chemically dependent persons;
- pharmacological effects of alcohol and other chemicals;
- understanding the various needs of special populations and their differing help seeking behaviors;
- ethical issues including confidentiality, appropriate boundaries, and dual relationships; and
- counseling theory and techniques.

Program requirements address the competencies identified by Ohio Department of Mental Health and Addictions Services (OMHAS). Graduates will have completed the necessary coursework requirements for eligibility as a Licensed Chemical Dependency Counselor II, a credential awarded by the Ohio Chemical Dependency Professionals Board. Additional requirements for LCDC II include a period of supervised experience, some of which students are expected to complete after graduation from the program. Program graduates planning to work as chemical dependency counselors must apply for and receive this credential in order to practice legally in the State of Ohio. In addition, the program meets the educational requirements of the State of Ohio Counselor, Social Worker, and Marriage and Family Therapist Board certification of Social Work Assistant.

A grade of "C" (2.00) or better is required in all courses for graduation. Any required course in which a grade below "C" is earned must be repeated. Students completing the Chemical Dependency Major must complete their entire practicum experience at a chemical dependency counseling/treatment facility. Life experience credit may not be used to fulfill graduation requirements in this program.

Agriculture Production - 441

Associate of Applied Science Degree

Total Credits: 62

Nature of the Profession: Agriculture is a diverse discipline which requires a combined understanding of many subdisciplines within the field. The exact nature of the profession is dictated by the area of specialization the individual chooses. The options available to a two-year degree recipient include entry level positions with governmental agencies, technical assistance and/or sales positions with the agri-chemical industry or the horticulture industry.

Related Job Titles: Job titles include Field Research Technician, Greenhouse Technician, Feed and/or Seed Salesman, and technical assistance positions.

Biotechnology and Laboratory Science - 441C

Associate of Applied Science Degree

Total Credits: 61

Nature of the Profession: Biotechnology is a growing industry that implements the use of living systems and organisms to develop or make products. By using principles of biology and technology in the lab to solve scientific issues, this branch of science is used to advance technology in the agriculture, food production, forensic, pharmaceutical and medical fields.

Students can substitute CSCI 2280 – Co-Op (Technical Support) for the fourth semester computer science or electrical engineering elective. To apply for the co-op program, contact Josh Montgomery at jmontgomery@sscc.edu to schedule an interview.

Cyber Security and Forensics - 455D

Associate of Applied Science Degree

Total Credits: 62

Nature of the Profession: This program focuses on the protection and risk management techniques in the realm of cyber security technologies. Topics include network and software security, risk management, protection mechanisms, business continuity planning, ethical hacking, disaster recovery, and information systems.

Program Highlights

- Learn advanced IT curriculum from industry-experienced faculty.
- Prepare to earn industry level certifications valued by employers.
- Gain hands-on experience through labs and internship opportunities.

Related Job Titles: Some related job titles in this field include Computer Systems Analyst, Computer Technician, Consultant, Information Systems Security Administrator, Network Administrator, Network Technician, Security Management Specialist, Server Administrator, Software Support Technician and Intelligence Analyst.

Earn Industry Certifications

In this program students will have the opportunity to achieve multiple industry level certifications. Our curriculum aligns with the certification content. Below is a list of the different certifications that students can obtain as they move through the program.

CompTIA A+ Certification

CompTIA Network+ Certification

CompTIA Security+ Certification

Paraprofessional Education - 486

Associate of Applied Science Degree

Total Credits: 64

Nature of the Profession: Paraprofessionals work in schools and districts throughout Ohio and serve a critical role in supporting the delivery of high quality instruction for all children (from preschool through grade 12), especially those students considered at risk. Today's paraprofessionals (which may also be known as instructional assistants, special education aides, teaching assistants, or teaching/classroom aides) work alongside a professional under the direction of licensed teachers, as part of instructional teams, to support individual students and small groups of students to access and progress through challenging curricula aligned with Ohio's academic content and common core state standards.

General duties associated with a paraprofessional educator include the following:

- Assisting teachers in the classroom
- Supervising students outside of the classroom
- Providing administrative support for teaching
- Helping students understand and complete assignments
- Working with students who have special needs
- Performing clerical work for teachers as needed

Medical Assisting - 492

Associate of Applied Science Degree

Total Credits: 60

Nature of the Profession:

The Medical Assistant is cross-trained to perform administrative and clinical duties in physician's offices, hospitals and other healthcare facilities. They may choose to work as a receptionist in a hospital or physician's office, a medical transcriptionist/scribe, insurance specialist, financial secretary, billing and collection specialist, laboratory assistant, or a clinical assistant involved in patient care. Duties vary with the location, specialty and needs/size of the practice.

Related Job Titles: Medical Receptionist, Computerized Medical Office Management, Medical Records Clerk, Medical Transcriptionist/Scribe, Clinical Assistant, Lab Assistant, Out-patient Clinic Medical Assistant, or X-ray Aide

Program Design: This program is designed to be completed in 4 semesters if a full time student.

Graduates also earn the Medical Assistant Technology Certificate and are eligible to complete multiple credentialing exams upon successful program completion. All courses with the prefix of MAST and ALTH must be completed with a grade of "B" or better.

Application Criteria: Admission to the Medical Assisting (MAST) Program requires completion of written application and program acceptance. The Medical Assisting Student Handbook details program and admission requirements (available in the Medical Assisting/Allied Health office or at <https://www.sccc.edu/academics/associate/applications/medical-assisting-app-2018.pdf>). Complete the program application and submit with required documentation by the appropriate deadline date. Completion of minimum requirements does not guarantee a placement.

See the Student Handbook for the Medical Assisting Program/Allied Health Certificate Program requirements/policies pertaining to: **GPA Requirements, Health Requirements, Required Immunizations/Tests, General Practicum Requirements Background checks, etc.**

It is strongly recommended for students within Medical Assisting to meet with an advisor within the program every semester to ensure they are taking classes in sequence. Not meeting with a Medical Assisting program advisor may result in a student being unable to finish their degree in a timely manner.

Phlebotomy Technician - 492B

Certificate Program

Total Credits: 31

Nature of the Profession: A Phlebotomist is trained to work primarily in a hospital and is depended upon to acquire quality blood specimens from the patient by performing venipuncture and capillary sticks.

Related Job Titles: Phlebotomist, Phlebotomy Technician, Lab Assistant, Reference Lab Phlebotomist

Program Design: This program is designed to be completed in 2 semesters if a full time student. A Step Pathway option is available for part-time students. All courses with the prefix MAST and ALTH must be completed with a grade of “B” or better.

Application Criteria: Admission to this Allied Health (ALTH) Program requires completion of written application and program acceptance. The Allied Health Student Handbook details program and admission requirements (available in the Medical Assisting/Allied Health office or at <https://www.ssc.edu/academics/certificate/applications/phlebotomy-tech-app-2018.pdf>). Complete the program application and submit with required documentation by the appropriate deadline date. Completion of minimum requirements does not guarantee a placement.

See the Student Handbook for the Medical Assisting Program/Allied Health Certificate Program requirements/policies pertaining to: **GPA Requirements, Health Requirements, Required Immunizations/Tests, General Practicum Requirements Background checks, etc.**

It is strongly recommended for students within Medical Assisting to meet with an advisor within the program every semester to ensure they are taking classes in sequence. Not meeting with a Medical Assisting program advisor may result in a student being unable to finish their degree in a timely manner.

Gainful Employment Program Disclosure

This Title-IV-eligible certificate is subject to the US Department of Education gainful employment regulations. These regulations require that we make the gainful employment program disclosure information available to you so that you may make informed decisions about which program best meets your career path needs.

COURSES CREDITS

Step 1 – Pathway to Phlebotomy Technician

(After successful completion of these three courses you will be eligible to earn the Phlebotomy Technician (PBT) credential through the American Society of Clinical Pathology (ASCP), and the Registered Phlebotomy Technician (RPT) credential through American Medical Technologists (AMT).

Spring Semester

MAST 2220	Emergency Medical Procedures	3
ALTH 2201	Phlebotomy Technology	3
ALTH 2225	Phlebotomy Practicum	1

Step 2 – Pathway to Phlebotomy Tech Certificate

(Meet with the ALTH Program Director to discuss recommended course options for 1-year Full-time Status Outline)

Step 3 – Pathway to A.A.S. Medical Assisting Degree

(Includes accredited MAST Tech Certificate – See complete Program Outline for Medical Assisting - 492)

Medical Assistant Technology - 492E

Certificate Program

Total Credits: 36

Nature of the Profession: The Medical Assistant is cross-trained to perform administrative and clinical duties in physician's offices, hospitals and other healthcare facilities. They may choose to work as a receptionist in a hospital or physician's office, a medical transcriptionist/scribe, insurance specialist, financial secretary, billing and collection specialist, laboratory assistant, or a clinical assistant involved in patient care. Duties vary with the location, specialty and needs/size of the practice.

Related Job Titles: Medical Receptionist, Computerized Medical Office Management, Medical Records Clerk, Medical Transcriptionist/Scribe, Clinical Assistant, Lab Assistant, Out-patient Clinic Medical Assistant, or X-ray Aide

Program Design: This certificate program is designed to be completed in three semesters, or one academic year if enrolled as a full time student. The certificate may also be used as a step pathway toward the A.A.S. in Medical Assisting. Graduates are eligible to complete multiple credentialing exams upon successful program completion. All courses with the prefix of MAST and ALTH must be completed with a grade of "B" or better.

Application Criteria: Admission to the Medical Assisting (MAST) Program requires completion of written application and program acceptance. The Medical Assisting Student Handbook details program and admission requirements (available in the Medical Assisting/Allied Health office or at <https://www.sccc.edu/academics/associate/applications/medical-assisting-app-2018.pdf>). Complete the program application and submit with required documentation by the appropriate deadline date. Completion of minimum requirements does not guarantee a placement.

See the Student Handbook for the Medical Assisting Program/Allied Health Certificate Program requirements/policies pertaining to: **GPA Requirements, Health Requirements, Required Immunizations/Tests, General Practicum Requirements Background checks, etc.**

It is strongly recommended for students within Medical Assisting to meet with an advisor within the program every semester to ensure they are taking classes in sequence. Not meeting with a Medical Assisting program advisor may result in a student being unable to finish their degree in a timely manner.
