Advising Notes

Where it indicates "Any Ohio Transfer 36 approved," students should work closely with their advisors.

<sup>(+)</sup> indicates that the courses chosen should be from two different areas within that category.

<sup>&</sup>lt;sup>1</sup> Only one natural sciences lab is required. In some cases, taking one Biological Science and one Physical Science is preferred. Check with your receiving institution.

<sup>&</sup>lt;sup>2</sup> One recommended course is Ohio Transfer 36 approved Oral Communication (TMOC).

Students should consult this institution's contact indicated below for guidance on enrollment in this course.

#### SPECIAL NOTES

Some bachelor-degree granting programs may be competitive and admission into the program is not guaranteed. Students should check with individual institutions for their program admission requirements.

Some bachelor-degree granting institutions require additional general education courses outside of the Ohio Transfer 36 and students may be required to take these courses in their junior or senior year. Students will still be able to follow this pathway and complete their bachelor's degree in approximately 60 additional credit hours.
