Employee Training.

To begin the training:

1. From the Table of Contents on the left, expand the section: A day in the life of an employee.
2. Review the Section overview.
3. Select and launch Getting started for employees.

This course will take approximately 90 minutes to complete.

- A day in the life of an employee - 25 minutes
- Entering time - 10 minutes
- Schedule - 15 minutes
- Pay - 10 minutes
- Benefits enrollment - 15 minutes
- Your information - 15 minutes

To continue:

1. From the Table of Contents, select the first lesson: Getting started for employees.

A day in the life of an employee.

In this section you'll review the tasks an employee will regularly perform in Dayforce HCM.

If this is the first time you've seen Dayforce you're probably wondering how, and when, you'll be using it. The lessons in this section help answer those questions and demonstrate how Dayforce makes your time at work easier and more enjoyable.

Keep in mind this is just an overview. Everything you'll learn in this section is covered in more detail later in the training.

To continue:

1. From the table of contents on the left, select the first lesson: Getting started for employees
2. Complete the full-screen interactive training video: Try it!
3. Then complete the quiz: Know it?
Scenario
This scenario is presented using the fictitious XYZ company.

Beginning with a day in the life of an employee, let's log in to Dayforce for the first time and explore some of the tasks you'll routinely perform.

<table>
<thead>
<tr>
<th>Step</th>
<th>Action</th>
</tr>
</thead>
</table>
| 1.   | Navigate to the Dayforce HCM website  

Dayforce is a website that runs in any internet browser.  

You might see a link to the Dayforce website  

The computer you use on the job may have a link to the Dayforce website that makes logging in easier.  

In this example, log in by launching Internet Explorer. |
<p>| 2.   | Click in your browser's Address field. |
| 3.   | Enter the desired information into the field. Enter &quot;www.dayforcehcm.com&quot;. |
| 4.   | Press [Enter]. |</p>
<table>
<thead>
<tr>
<th>Step</th>
<th>Action</th>
</tr>
</thead>
</table>
| 5.   | Getting in  
You might get logged in automatically  
Some organizations will log you in automatically. This will happen if your organization uses “Single Sign On” which is pretty rare. Most people will log in using a username and password.  
Logging in  
In this example, you'll log in.  
There are 3 fields to complete: **Company, User Name, and Password**. |
| 6.   | Log in to Dayforce HCM  
In this example, the Company name is **XYZ**.  
Click in the **Company** field. |
| 7.   | Enter the desired information into the **Company** field. Enter "**XYZ**". |
### Step 8
Click in the **User Name** field.

### Step 9
Enter the desired information into the **User Name** field. Enter "**ABoyd4898**".

### Step 10
Click in the **Password** field.

### Step 11
Enter the desired information into the **Password** field. Enter "**password1980**".
### Step 12. Resetting your password

If you forget your password, you can reset it by clicking the *Can't access your account?* link beneath the Login button. The application prompts you to enter your user name or E-mail address. **Click Submit.**

The application sends you an e-mail with a URL. **Click the link inside the e-mail and you will be prompted to reset your password.**

### Step 13. Click the Login button.

**Login**

### Step 14. Home

When you first log into Dayforce you'll be brought to the Home screen.

The icons in the blue section of the screen are your Favorites. These are features in Dayforce you'll access most often. **You can change what's in your Favorites by clicking on the Edit button.**

You can also display your messages, earnings, balances, and events by clicking on the icons near the middle of the screen.
### Step 15. Pin the Navigation Panel

Since we'll be looking at few different screens, we'll pin the Navigation Panel and leave it open for the rest of the lesson.

Click the Pin button.

### Step 16. Now that we're familiar with Home, let's review the Work screens

Click the **Work** button.

### Step 17. Work

The Work screens help you manage your schedule, request time away from work and perform punches.

Let's continue our overview and take a quick look at each feature.
<table>

<th>Action</th>
</tr>
</thead>
</table>
| 18.  | First, open the Calendar  
Click the **Calendar** button.  

![Calendar](image1)
| 19.  | Calendar  
The Calendar screen displays your scheduled shifts, time worked, and any pending or approved time away from work requests.  
You're able to select any date on the calendar to get a more detailed view of its events. You can also create a new time away from work request directly from the Calendar.  

![Calendar](image2)
| 20.  | Moving on, we'll review the Time Away List next  
Click the **Time away List** button.  

![Time Away List](image3)
| 21.  | Time Away List  
This is where you'll request time away from work, manage existing requests, and check your balances.  

![Time Away List](image4)
| 22.  | Let's open the Time Clock next  
Click the **Time Clock** button.  

![Time Clock](image5)
### Step 23. Time Clock

If you're required to punch in and out for your shift and meals you might use the Time Clock.

You can click the appropriate button to perform a punch and it will automatically be reported on your timesheet.

### Step 24. Employee Timesheet

Next, we'll review the Employee Timesheet

Click the **Employee Timesheet** button.

### Step 25. Employee Timesheet

In the Employee Timesheet you can review and authorize your punches.

This screen shows when you worked, how your punches line up against your scheduled shift, and the Pay Code that will be used to classify your earnings.

You can expand the menu above the timesheet to review your balances, pay information, and any problems that might be associated with the active timesheet.

### Step 26. Logout of Dayforce

Lastly, we'll logout of Dayforce

Click the **Profile** button.

### Step 27. Logout

Click the **Logout** button.

### Step 28. End of Procedure

This concludes our introduction to Dayforce HCM!

Now that you're familiar with how to navigate Dayforce you can continue on with your training and learn how to use the system in greater detail.

### End of Procedure

Please refer to: [http://mypathprod.dayforce.com/clocking-in-for-work](http://mypathprod.dayforce.com/clocking-in-for-work)

**Procedure**

**Scenario**
Continuing with our day in the life section, you just got to work for your 9 AM shift. Clock in for your shift.
### Up and Running with Dayforce HCM 8.50

<table>
<thead>
<tr>
<th>Step</th>
<th>Action</th>
</tr>
</thead>
</table>
| 1.   | First, open the Time Clock  
      | Click the **Menu** button. |
| 2.   | Click the **Work** button. |
| 3.   | Click the **Time Clock** button. |
| 4.   | Start your shift  
      | When you're ready to begin working you'll punch in.  
      | Once your punch is successful, Dayforce starts capturing your time and reporting it on your timesheet.  
      | Click the **Meal Start** button. |
| 5.   | Your punch in was successful!  
      | Dayforce will confirm that your punch was successful and then your available options on the Time clock will change.  
      | You now only have the ability to punch out or start your meal. |
## Step 6
**Punch out for lunch**

After working for a few hours, you’re pretty hungry and are ready to take your meal break. Since your meal is unpaid you’ll temporarily punch out.

Click the **Meal Start** button.

## Step 7
**Your punch out was successful!**

You’re now off the clock and ready to chow down.

Enjoy your break! Return to the Time Clock and punch back in when your meal is done.

## Step 8
**Return to work**

After a satisfying meal you have the energy you need to finish the day.

End your meal to get back on the clock and continue with your shift. Forgetting to end a meal can prevent you from punching out at the end of the day and can cause inaccurate timesheet reporting.

Click the **Meal End** button.

## Step 9
**Your punch in was successful!**

Your meal has ended and you're back on the clock.

Your unpaid meal is over. You'll be compensated from now until the time you punch out, assuming you have no remaining unpaid breaks.

## Step 10
**End your shift**

You've reached the end of the day and it's time to head out.

Punch out to end your shift.

Click the **Out** button.

## Step 11
You’ve successfully performed all of your punches!

Your completed shift is now accurately recorded and reported.

You'll be compensated from the time you first punched in until the start of your meal and from the end of your meal to the end of your shift.

This data is automatically stored in your Dayforce timesheet and there's nothing else you need to do!

## Step 12
**End of Procedure.**
Please refer to: [http://mypathprod.dayforce.com/requesting-time-away-from-work](http://mypathprod.dayforce.com/requesting-time-away-from-work)

**Procedure**

**Scenario**
You spoke to your manager earlier today about taking a week of vacation in February.

They didn't mind and asked you to submit the request through Dayforce.

<td>Click the <strong>Work</strong> button.</td>
</tr>
<tr>
<td>3.</td>
<td>Click the <strong>Time Away List</strong> button.</td>
</tr>
</tbody>
</table>
### Step 4
Create a new request

Time Away List is where you'll create new requests and manage your existing requests.

Click the **Request New Time Off** button.

### Step 5
Select the reason

Dayforce knows your time off policies and uses the Reason to determine if and how you'll be paid during your time off.

Click the **Reason** menu.

### Step 6
Keep in mind that this simulation shows common time off reasons. When you log into Dayforce you'll see your own organization's reasons.

Click the **Vacation** list item.

### Step 7
Request Vacation from February 8 to 12

Use the Calendar buttons to enter these dates in the Start and End fields.

Click the **Start Date** button.

### Step 8
Click the **February 8, 2016** button.

### Step 9
Click the **End Date** button.

### Step 10
Click the **February 12, 2016** button.

### Step 11
Review your Balance Details

You can expand the Balance Details pane to see how your request will affect your time off balances.

Click the **Balance Details** button.
## Step 12. Accrued Balances

If your time off request counts towards any accrued balances, such as vacation or sick time, the amount of time requested will show in the Pending column.

Once the request is approved by your manager, it will move to the Approved column.

## Step 13. Submit the request

Click the **Submit** button.

![Submit button](submit_button.png)

## Step 14. You've successfully created a new request!

The request now appears as Pending in the Time Away List.

The next time your manager logs on to Dayforce, they'll be notified of your request and submit a response.

## Step 15. End of Procedure.

---

**Beyond the basics: time away from work.**

On top of requesting time away, you can use the My Time Away panel to view your balances and modify existing requests.

After completing this lesson, you'll be able to:

- Review your existing requests
- Change or delete a pending request

To review the demo:

1. Complete the full-screen interactive training video: *Try It!*
2. Then complete the quiz: *Know It?*
Procedure

Scenario

### Step 4
- **Action:** Cancel your approved request for August

To cancel a request, select it and click the Cancel Request button.

Click the **August Request**.

### Step 5
- **Action:** Enter a comment

Write a short note explaining why you're cancelling this request.

Click in the **Employee Comments** field.

### Step 6
- **Action:** Enter the desired information into the **Employee Comments** field. Enter "Family reunion cancelled".

### Step 7
- **Action:** Click the **Cancel Request** button.

![Cancel Request]

### Step 8
- **Action:** Your cancellation has been sent to your manager for approval

Modifications to an approved request require the approval of your manager.

Until your manager logs in to approve the change it will show a status of Cancellation Pending.

### Step 9
- **Action:** Extend your trip in September by two days

To modify a pending request first expand it and then update its details.

Click the **September Request**.

### Step 10
- **Action:** Extend the End Date of your request

Click the **End Date** button.

### Step 11
- **Action:** Click in the **September 11, 2016** field.

![September 11, 2016]

### Step 12
- **Action:** Submit your changes

Click the **Submit** button.

![Submit]

### Step 13
- **Action:** You've successfully modified your requests!

Using the Time Away List you were able to cancel your approved request in August and extend your pending request in September by two days.

Dayforce Touch is a tablet-based device that helps you capture your time and attendance data and perform self service tasks.

When you first approach the device it will display the Home screen. This is where you can perform punches and access your self-service features.
## Step 2. Performing punches

You'll primarily be using the Dayforce Touch to perform punches. You can punch in and out for shifts and meals to record your time at work. This is important as it affects how you're compensated.

Go ahead and practice punching in.

**Tap** Start Shift.

## Step 3. Enter your badge number

To perform a punch you'll first need to identify youself. In this example you'll enter your badge number.

Depending on your organization's preferences you instead might swipe your badge, scan your fingerprint, or pose for facial recognition.

**Tap** 0.

## Step 4. Tap 5.

| 17.  | Self Service  
This is where you can perform self service tasks including updating your availability, checking when you work next, and requesting time off.  
Let's review how your schedule works on the Touch Clock and then take a look at the time off request feature. |
| 18.  | Open your schedule  
Tap Schedule. |
| 19.  | Reading the schedule  
The schedule displays upcoming events.  
Shifts are represented on the schedule with blue dots, holidays with gift icons, and time away from work with airplanes.  
You can tap any event to view its details. |
| 20.  | Viewing shift details  
Find out when you're working on October 31st and what role you'll be performing.  
Tap Sunday October, 31. |
| 21.  | Close the schedule and return to Self Service  
You now know you'll be working from 9AM to 5PM as a Packager at Plant 1. You could tap the shift details on the right to get more information about this shift.  
Tap Close. |

22. | Review the time away feature

All time away from work requests will be made from Time Away in Self Service.

Tap **Time Away**.

23. | Requesting time away

Submitting a time off request on the Dayforce Touch is very similar to the desktop. After selecting your reason and dates you’ll tap the Save icon to send it to your manager for approval.

We aren't going to submit a request right now. We'll look at this feature in more detail in an upcoming lesson.

24. | Return to Self Service

Tap **Close**.

25. | Return to the Home screen

Tap **Close**.

26. | You've reached the end of the overview!

Now that you're familiar with navigating the Dayforce Touch and have an idea of what tasks you'll use it for, you can move on to the next item in the table of contents and learn more about everything we introduced here.

27. | **End of Procedure.**

**Performing punches.**

You'll punch in and out for your shift, meals, and breaks using the Dayforce Touch Clock. Punches are automatically stored on your timesheet and sent to your manager for approval.

After completing this lesson you'll be able to:
- Punch in and out of your shift on the Dayforce Touch Clock
- Punch out and back in for a meal on the Dayforce Touch Clock

To review the demo:

- Complete the full-screen interactive training video: *Try It!*
- Then complete the quiz: *Know It?*

**Procedure**

**Scenario**
You're ready to begin working!

Perform all of your daily punches using the Dayforce Touch Clock.
### Step 1: Start your shift

When you're ready to begin working you'll punch in.

Once your punch is successful the Dayforce Touch Clock starts capturing your time and reporting it on your timesheet.

Tap **Start Shift**.

### Step 2: Enter your badge number

Use the keypad to enter your unique badge number.

Depending on your organization’s preferences you instead might swipe your badge, scan your fingerprint, or pose for facial recognition.

Your badge number is: 053334.

Recording a work transfer.

Use work transfers to record which job you're performing.

When you punch in you're automatically recorded as working your primary job. If you're instead working another job, or you're performing both in a single shift, you'll need to use the Dayforce Touch Clock's work transfer feature.

It is important to accurately record which job you're performing for compensation and taxation purposes. Different jobs are often paid at different rates. Keep your timesheets accurate to ensure you're compensated properly and your year-end taxation forms are correct.

After completing this lesson you'll be able to:

- Perform a work transfer on the Dayforce Touch Clock

To review the demo:

**Updating your availability.**  

Use the Dayforce Touch Clock to inform your manager of changes to your availability.
If your ability to work certain days and times changes you can let them know you're unable to be scheduled.

After completing this lesson you'll be able to:

- Update your availability on the Dayforce Touch Clock

| 8.   | Next, update your availability to be scheduled  
From November 21st - 28th you're unavailable to work.  
Setting your availability in Dayforce helps your manager make necessary scheduling adjustments to ensure he has appropriate labor coverage while you're unavailable.  
Tap Availability. |
| 9.   | Navigate to the week of November 21st  
Notice this week is uneditable.  
Your organization may have blackout periods when you're unable to change your availability. In this scenario you can't edit your availability for the current week. Changes must be made two weeks in advance.  
Tap Next. |
### Step 10. Update your availability

To change your availability for an entire week you'll modify one day and then copy that change to the remaining days.

**Tap Friday November 21, 2014.**

### Step 11. Switch Available from On to Off

Because you can't work at all this week you'll set 'Available' to 'Off'.

If you were only available for part of the day you would instead switch 'All Day' to 'Off' and set the times you're available to be scheduled.

**Tap On.**

### Step 12. Now apply this availability change to the rest of the week

Since you're unavailable to work all week you can copy this update to the remaining six days instead of updating them all individually.

**Tap Copy Friday availability to.**

Requesting time off on the Dayforce HCM app.

Dayforce keeps track of how much time you can take away from work and how much time you have already taken. These amounts are categorized into balances you have earned for time away from work. When you request time away from work using Dayforce, your request is sent to your manager for review and approval. You can request time off using the mobile app.

After completing this lesson, you'll be able to:

- Request time away from work for a single day or a range of dates using the Dayforce app

To review the demo:

Click the **Close** pane.

18. **We’re now logged into Dayforce as Alfonso Boyd**

Let’s review how you can accept a shift offered to you by a co-worker.
### Step 19: Accept Gabriela’s shift

When a shift has been offered to you it will have a Down Arrow icon in the lower left corner of the shift.

Click the **Offered shift**.

### Step 20: Click the **Shift trade** menu.

### Step 21: Click the **Pick up a shift** menu.

### Step 22: Accept Gabriela’s shift

Click the **Accept** button.

### Step 23: You’ve successfully offered and accepted a shift!

The shift is now pending manager approval. Once your manager logs into Dayforce HCM and authorizes the shift it will appear on your Calendar as a scheduled shift.

In this lesson you learned how to both offer a shift to a coworker and accept a shift offered to you.

### Step 24: End of Procedure.

**Overview of on-call shifts.**
Dayforce is your source for everything related to your schedule. You can see when you’re scheduled to work or are on-call to work. Dayforce even notifies you when your manager asks you to work an on-call shift.

If your manager needs you to come in for an on-call shift, Dayforce sends a brief text message to your cell phone to alert you. With these notifications, you are conveniently kept informed of scheduling changes without the need of checking and re-checking your schedule.

The application lists on-call shifts with a cell phone icon:

TeamRelate in Dayforce for employees

TeamRelate is a communication tool that provides a summary of your communication style and helps you understand more about what motivates you. It allows you to engage and communicate by allowing you to express your current mood and engagement levels to your team. You can view your profile any time by clicking on the communication style title next to your name on the Home screen. Check in often to make sure your mood and engagement levels are to date and accurate.

After completing this lesson, you'll be able to:

- Complete your TeamRelate profile
- Check in your current mood and engagement levels using TeamRelate

To review the demo:

For more information on the new TeamRelate feature, please review Item #103809 in the 8.49 Release Notes.

Procedure

Scenario
Complete your TeamRelate profile and check in your current mood.
### Step 1: Start your TeamRelate survey

TeamRelate is a tool that lets you learn about your communication style and understand more about what motivates you. It also lets you express your current mood to your team members.

TeamRelate assesses four communication styles: Director, Encourager, Facilitator and Tracker. Complete the TeamRelate survey to see which communication style you fall under.

Click the **Please complete your TeamRelate Profile** link.

[Please complete your TeamRelate Profile](#)

### Step 2: Start your TeamRelate survey

You will be asked to answer 50 questions using a rating scale from 1 (less likely) to 7 (most likely).

To speed things up, we're going to answer all the survey questions for you.

Click the **Next** button.

[Next](#)

### Step 3: Click Finish to see your results

Click the **Finish** button.

[Finish](#)
4. Communication Style and Core Conviction

Depending on how you answered the TeamRelate survey, your communication style and core conviction may be different. The colored ring around your profile picture reflects your communication style.

A summary describing what communication style(s) and core conviction you fall under is given in the results.

5. Check in your current mood

Now that we've completed your TeamRelate profile, let's check in your current mood to let your manager know how you're currently feeling.

Click the Close button.

6. Click the Check In link.

7. How are you feeling?

You can check in your current stress emotion, energy, and activity levels, as well as how your day at work is currently going. You can also write a comment on how you're feeling as well.

Alfonso's feeling a little stressed at work but he's had a productive day so he feels pretty good. To speed things up, the levels and comment will be filled in for you.

8. Save your changes

Click the Save & Close button.

9. You've successfully checked in your current mood using TeamRelate!

Your manager and team members can now see your current mood in Dayforce and have a better understanding of how you're feeling today.

**Benefits forms.**

Depending on how Dayforce HCM is configured, these forms may appear in **My Benefits**, **My HR**, or **Me**.

Changes to your profile can affect the benefit options available to you or may trigger an enrollment process to allow you to modify your benefit selections. Below are some forms types where benefit related information is updated.

- Dependents and beneficiaries - add or modify dependent and beneficiary details
- Health and Wellness Status - add or modify smoker status
- Life Event Declaration - add or modify life event changes

---

**Dependent/ beneficiary form.**
The Dependent/Beneficiary Details form is used to record dependent and beneficiary information for use with employees' benefits enrollment.

Health and wellness form.

The Health and Wellness form is used to record tobacco use or smoker status information, for use with employees' benefits enrollments.
Life event declaration form.

The Life Event Declaration form is used to record life events that can impact employees’ benefits coverage.

Submitted and processed forms trigger the associated workflow an administrator has configured for the HR event on the Triggered Workflows tab of System Admin > Workflows > HR Events.
