

In order to be eligible for college Work-Study a FAFSA must be on file at SSCC indicating a demonstrated need. The Work-Study program offers part-time employment on campus to students enrolled in at least six semester hours at Southern State Community College. Please be advised that the number of work-study positions is limited. A background check will be performed on applicants prior to placement in a position.

Students employed in the federal work-study program will be paid directly by a pay check from the college twice monthly.
