

Your Application was selected for review in a process called "Verification". In this process, Southern State will be comparing information you reported on your FAFSA application to the required documents submitted. Federal guidelines state that before awarding financial aid to a student, we must ask you to confirm the status of your high school graduation. The Department of Education requires that we verify this information before awarding federal financial aid. If there are differences between your application information and your financial documents, our office will make an electronic correction on your FAFSA application.

Submit verification documents as soon as possible to the Financial Aid Office at 100 Hobart Drive, Hillsboro, OH 45133. Contact us via phone with any questions at 1-800-628-7722 ext. 2610.
