

# Will Preparation Minus the Mystery

Giving You Peace of Mind

Imagine your loved ones sifting through your papers, looking for something that doesn't exist—your will. Now imagine the courts deciding what will happen to your house, your family heirlooms, your finances and your property.

This scenario is more common than not. According to one AARP study, more than 40 percent of Americans over age 45 don't have a will. If you're younger, you're even less likely to have a will. One reason for this reluctance is the mystery that surrounds the will preparation process.

In reality, making a will isn't all that complicated. You can create your own will in less than an hour by using the interactive Will Maker from New Directions®

To start the process, go to [NDWillPrep.com](http://NDWillPrep.com) and use your login code (MML). Registration is required to protect your privacy. All documents come with complete instructions. You can also start a document and save it online to update it later—a handy feature if you find you need to gather more information.

Online wills are valid for residents in all 50 states. As with any legal matter, you may want to consult with an attorney to discuss your options and make sure your family is fully protected, especially if you have questions or concerns.

In addition to wills, New Directions offers free online access to an extensive catalog of personal legal and business documents as well as a library of information regarding topics such as bankruptcy, elder law, neighbor issues and tax audits.

Use this resource to create:

- Complaint letters for damaged luggage, home repairs or credit card billing errors
- Identity theft affidavits
- Quitclaim deeds
- Rental agreements
- Living trusts for married or single persons
- Bills of sale or buy-sell agreements

## Why not give your loved ones the benefit of your decisions and yourself the gift of peace of mind?
