## Why Work For BelFlex?

We treat every potential new BelFlex employee with respect and the knowledge that our people are our greatest asset. This is what we do to ensure the best results for you.

**1 We make good matches.** We're selective in matching you with an employer—it has to be the right fit for you both to succeed. We meet every candidate face-to-face to get to know your preferences and skills.

**2 We set you up for success.** You'll get a personalized information session before your job begins, so you understand the employer's expectations and can get started on the right foot.

**3 We stay with you.** Throughout your assignment, we're there to make sure it's a success. Our WOW Award program—rewarding great employees—is one of the unique ways we show we care about you.
