Based on sound early childhood theory and evidence-based research, the Patri-Tots Learning Centers believe:

• that all children should be valued and supported in their unique interests, needs, and learning styles.
• that play is the most important process through which young children learn.
• that children learn best through educational experiences that are developmentally appropriate.
• that learning experiences enhance children’s development as they grow socially, physically, emotionally and cognitively.
• that parents are a vital part of the learning process in a collaborative approach to education.
• that children learn from each other as well as from role models.
• that a qualified, dedicated staff is critical to the development and maintenance of a quality early education program.

About Us

• We have two convenient locations -- the Southern State Community College Campus in Hillsboro and the Campus in Wilmington.
• Both Centers accept children ages 18 months to 5 years of age.
• Both facilities are licensed by the Ohio Department of Job and Family Services. Payments through the Department of Job and Family Services are accepted.
• We are a year-round program with both part-time and full-time spaces available. Part-time: 12-24.99 hours/week & full-time: 25-55 hours/week.
• We serve as lab schools for Southern State’s Early Childhood Education students.
• SSCC students receive a 10% discount on their child care expenses during academic terms. Sibling discounts are extended to all families.

How We Are Different

• Both locations have earned Step Up To Quality star rating awards from the ODJFS for its high-quality education program that goes beyond state licensing standards. Additionally, both centers have earned numerous 100-percent compliant ratings for state licensing.
• The Centers utilize The Creative Curriculum. This curriculum is very clearly aligned with Ohio’s Early Learning Content Standards and Ohio’s Infant and Toddler Guidelines.
• The staff and administrators at the Centers are warm, caring, and friendly. In addition, all staff are educated in child development and certified in CPR, First Aid, Communicable Disease, and Child Abuse.
